*Please specify which is required when booking!*

*'Helping you deliver  
a duty of care'*

Phone: 01524 220 221

## Who Should Attend

These qualifications are for anyone working in a catering, manufacturing or retail setting where food is prepared, cooked and handled., and prior to undertaking the Level 3 in Food Safety.

## Learning Outcomes

By the end of this course delegates should be able to:

- Demonstrate an understanding of the terminology used in food safety
- Demonstrate an understanding of the laws that apply to food safety and should be able to describe, in general terms, the requirements of the current regulations
- Demonstrate an understanding of the concept of food hazards and containing the risk of food poisoning
- Demonstrate an understanding of how good temperature controls will minimise bacterial multiplication
- Demonstrate an understanding that those working with food could themselves pose a risk to food safety
- Demonstrate an understanding of the importance of utilising appropriate storage conditions for foods
- Demonstrate an understanding of the importance of cleaning in food premises
- Candidates should recognise the need for high standards for structure and equipment

## Course Content

Delegates will receive training in the following subjects:

- Legislation
- Food safety and hygiene hazards
- Temperature control
- Refrigeration, chilling and cold holding
- Cooking, hot holding and reheating
- Food handling
- Principles of safe food storage
- Cleaning
- Food premises and equipment

## Course Duration

The course is 1 day in duration (6 hours + exam)

## Assessment Method & Certification

The assessment will be by the completion of a multiple choice question examination at the end of the course. On successful completion of the course, delegates will receive a certificate of competence, which is valid for 3 years.

Candidates wishing to obtain a Nationally Accredited Certificate would sit the exam for the relevant Awarding Body (for the additional price of the certification and exam fee of the Awarding Body).

For this Qualification we can currently offer certification from the following Awarding Bodies:

**CIEH (The Chartered Institute of Environmental Health)**
