

# Level 4 Health and Safety in the Workplace

This qualification is designed for those working in any business, regardless of their product or service range. It is essential for all those who have a role that includes responsibility for the management of health and safety issues, including managers, supervisors and senior safety personnel. Key personnel in organisations need the skills and knowledge to manage health and safety; simply being aware of and understanding the issues is not enough.

## Who Should Attend

This qualification is suitable for owners, managers, supervisors and senior safety personnel responsible for health and safety. It is a recommended prerequisite that delegates have a good working knowledge of health and safety issues, such as a Level 3 Award in Health and Safety in the Workplace qualification or equivalent.

For trainers wishing to teach Health & Safety this course would enable them to teach courses at Level 2.

## Learning Outcomes

By the end of this course delegates should be able to:

- Manage health and safety in most businesses
- Develop auditing and monitoring programmes
- Design safe practices and procedures
- Liaise with enforcement officers
- Identify specific legal requirements
- Train staff and establish risk assessment projects (with additional training where necessary)
- Deliver level 1 and level 2 health and safety qualifications (with appropriate training skills)

## Course Content

Delegates will receive training in the following subjects:

- Health and safety management
- Health and safety culture
- Workplace and work equipment
- Hazardous agents
- Legislation

## Course Duration

The course is 5 days in duration (36 hours + exam)

## Assessment Method & Certification

The assessment will be by the completion of two controlled assignments and a written examination, which is taken on a day at least 28 days after the start of the course. On successful completion of the course, delegates will receive a certificate of competence.

Candidates wishing to obtain a Nationally Accredited Certificate would sit the exam for the relevant Awarding Body (for the additional price of the certification and exam fee of the Awarding Body).

For this Qualification we can currently offer certification from the following Awarding Bodies:

**CIEH (The Chartered Institute of Environmental Health)**
